

## **William R. McMahon**

President and COO

### **Profile**

With 20 years of experience in the construction industry, Bill has managed and coordinated healthcare project delivery programs from design development estimates to close-out. As President and COO, his responsibilities at KLMK include management of overall operations of the company along with direct project leadership and development. Bill's operational experience on both the contractor's and owner's side brings tremendous value to the relationships he forges among Project Delivery Teams, especially during the Project Launch phase, when critical decisions that impact the entire project are made.

### **Education**

Auburn University: Bachelor of Science in Building Construction
