

Edward D. Bittner

Senior Vice President – Southwest Region

Profile

With over 23 years of experience in healthcare planning and development, Ed has become a trusted advisor to many hospital owners and executives. As Senior Vice President, he is focused on the leadership and oversight of all projects in the Southwestern Region. Ed’s expertise lies in managing high performing teams to deliver results that reduce the risk associated with large capital projects.

At KLMK, Ed utilizes a collaborative approach and open communication to ensure ultimate client satisfaction. He has built his career on honesty and integrity and believes that strong relationships produce favorable outcomes in the development of new facilities.
